

Features

The Tranzeo WiMAX Starter Kit includes: 1 Pico Base Station (3.5GHz, 3.65GHz or 5.8GHz), 2 Subscriber Units, 1 panel antenna and LMR cable. This Starter kit is competitively priced to offer licensed and unlicensed holders the lowest priced, highest quality WiMAX product on the market today.

All Tranzeo WiMAX Pico Base Stations and subscriber units are designed for the best price/performance and manufactured at Tranzeo's state-of-the-art manufacturing facility in British Columbia, Canada resulting in the lowest price with the highest quality. The ease of installation of the unit ensures low installation costs by personnel with little or no training.

Tranzeo is your one-stop source for all of your indoor and outdoor WiMAX subscriber unit needs.
